Mr. Wayne Grover,
National Enquirer.

*13... at demonstration... If NE is satisfied...
Then NE gives me \$50,000 or \$100,000 to pick
up my own life again.*

I see that the huge packages #s 1 and 3 have arrived. Good. You should also have #2 soon. Start with #1 and work 2 then 3. You've never seen documentation like that in your life, and never will again (unless you see more of mine...a ton of it.)

Now, down to the purpose of this letter. My UFOs communicated with me last night, and gave me specific instructions to pass on to Enquirer. (While I'm at it...enclosed is my "PK Map" for the control of Florida for one year.)

Instructions: Let National Enquirer (from hereonout to be referred to as NE, for the sake of brevity) assemble a huge story, or layout, based on my work over the years (and you'll have more than enough material for it) and issue a "Special Issue of NE" with it. Don't worry...these will sell like hotcakes...BECAUSE MY UFOs WILL SEE THAT THEY WILL. (Some years back when Saga ran some articles on me, I told them that in advance, through Otto Binder...and the articles on me BROKE ALL OF THEIR RECORDS ON SALES! They wrote me and told me that and said they would send me Saga free for the rest of my life, because of it!)

Build in, at the end of the special...an announcement that NE is going to USE MY UFO POWERS to bring about world-wide miracles... for a period of ~~two~~ two years. To HELP the human race and the land it lives upon. And that it, NE, will from time to time run articles about what I am doing and the results that I am getting in working with my UFOs.

Meanwhile let NE move me and my family to a "base" from which I can work, without interruption. (I'd prefer a rented mountain lodge in the Cascade mountains...but we could talk about it.)

NE would lease a car for me to use, because I'd have to get to airports in a hurry at times.

NE would have to get me a credit card, with which I could purchase tools that I need, or airplane tickets to any part of the world at quick notice, etc.

NE would have to send me a certain amount of cash to have at hand each month (because lots of places I would be in, or need something from in a hurry, do not honor credit cards).

All right. Then (1) on my own, I would study the world situation and, working with my UFOs (hereafter called the SIS, for spatial intelligences, for brevity) begin Projects to help the human race. End droughts over entire countries that are killing masses of people; block or end wars; guide hurricanes about to strike the U.S. or other places away, so that they will be harmless to people; stop erupting volcanos from wiping out towns around; and so forth. THERE ARE NO LIMITS ON MY WORK, UTILIZING THE HELP OF MY SIS!

(2) NE may originate Projects for me to activate, also.

It must be borne in mind that each Project must be cleared first with my SIS. If they say "yes", then we go with it. If they say "no"...they have a good reason for that, having infinite wisdom, instead of our finite human reason, and we cannot go with it. All right, my UFOs told me to tell you all of this. Why not phone Jeffrey Mishlove and ask his opinion on it? *Jeffrey*
