CONTACTS

I have astounding news for you!

Day before yesterday I sent you a notice that my UFOs were taking three new actions to put pressure on the U.S. Government for their Base. These actions are entirely foreign to the previous 400-odd "miracles" they have brought about and which I have documented, some of which have been described in the scientific report by Dr. Mishlove; also the book which Dr. Mishlove and D. Scott Rogo have written about my work.

I sent you what they told me to tell you...but I was greatly puzzled about "disorientation" and "time distortion" and giving the oceans a super-intelligence with which to attack the U.S. coasts. For one thing, in documenting this new development, what would I look for in the newspapers? I.e., how does one document a disoriented and time-distorted nation and government?

Also for the very first time...my UFOs instructed me NOT to make up a "PK Map" ON PAPER (INSTEAD). They telepathd the necessary picture for me to activate mentally. The extraordinary thing about this ploy is...even if I were given hypnotic drugs or put under hypnosis...it would be utterly impossible for me to describe in words or writing the "PK Map" picture they gave me to activate!

At any rate...last night at 9:30 PM they communicated and explained to me quite clearly what was puzzling me! What they have done is...place a "cover" or "lid" over the United States which will give off the VERY SAME EFFECTS as the mysterious effects through the years in THE BERMUDA TRIANGLE! I.e., you might say that they have TRANSFERRED the Bermuda Triangle phenomena (EN) to the United States proper! And as I understand their communication...the effects of this action will selectively affect most...the U.S. Government!

Ted Owens (PK Man)

Owens

P.S. To explain to me the difference between all previous phenomena the UFOs have brought about and this new phenomena... the difference is analagous to a simple game of chess compared to a game of chess played on six levels simultaneously!!

CONTACTS

Something most unusual has taken place re my work with UFOs.

First, to sum up: The UFOs have tried to get a Base for me to work from, so that I would be able to utilize their powers properly to help the human race en toto, block wars, and so on. Ali can make 8 million dollars in one night fighting, but the U.S. Government is unwilling to put up 5 million for the UFO base. The UFOs are, therefore, at war with the U.S. Government...(and I am quoting them)...until such time as the U.S. Government cooperates with them by providing said Base.

Last Monday they communicated with me* and gave me a special message to pass on to you. It involves California. However, my own human choice must agree with the UFOs in order for them to carry out their plan for California, and I chose for the first time to disagree with them...at least, for the nonce. (I point out here that before I can take any action and utilize the special abilities that they have given me I must communicate with the UFOs and get their permission on it, so this procedure is a two-way procedure.)

This Monday they communicated with me again. They want to do three things, and I gave my human permission for them to do so.

(1) They are going to build a superior "intelligence" into the Atlantic Ocean, the Pacific Ocean, and the Gulf of Mexico...designed to attack the United States.

(2) They are going to utilize a form of "time distortion" against the United States.

(3) They are going to build "disorientation" into the United States at a very high level.

The resultant effects from these procedures will escalate until the Base is provided, as mentioned above.

Sincerely,

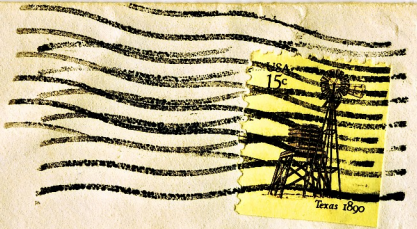

Owens

Ted Owens (PK Man)

* also they told me to warn President Carter that a foreign country wants Reagan as President and has put the machinery in motion with hired killers to eliminate Carter. I phoned this info to Scott Rogo yesterday, hoping that he could tip off Carter. (Remember Pres. Johnson and the plane? Nixon + Cubans? I was correct then!)
