SCIENTISTS

Perhaps you have been reading in the papers about the tremendous numbers of plane crashes recently. In the world...it is due to the Sun Attack of the UFOs. In the U.S. add the effect of the displacement of the Bermuda Triangle Effect overlaid upon the U.S., causing disorientation of humans in cars, trains and planes.

In the UFO Sun Attack mechanism are incorporated a number of effects...a "shotgun effect", if you will. Rays of the Sun and powers of the Sun, unknown to humans, are beamed down upon Earth by four giant UFOs positioned around Earth. The Pacific, Atlantic and Gulf waters are attacking the U.S. from three directions, with their intelligence...which they have. The UFOs are working to create a giant earthquake in California. A mechanism is set up in southern Florida to make, and call in, hurricanes toward Florida and U.S. coasts.

In the enclosed newsclips you will read about the results of this constantly ongoing UFO activity, the sole motivation for which is to bring forth from the U.S. government or some other country the UFO Base which they so urgently desire.

In a recent communication I pointed out how I had caused Hurricane Elena to reverse its path and turn away from Ocala, where I live with my family, because of a request that came over the phone from a "Jim Michaels with the Ocala Star-Banner newspaper in Ocala". After sending it to you, and turning away the hurricane, I persisted in trying to reach this Jim Michaels with the Ocala newspaper. Enclosed you will find a letter from the editor saying that there is no such man with them. So...I was tricked. However, I learned something from it. Remember when the principal of the Oakcrest school requested on the phone, unexpectedly, that I stop the horrendous rainstorm on that one day that would ruin their school carnival...and I did so...and it was documented. Then the local newspaper writer, Mary Ann Murdoch, requested unexpectedly, that I give a demonstration of my powers...and I did so, and it is documented. Following these two incidents was a mysterious phone call from an intelligent sounding man who gave me three names of men to see at the local Vancouver School just before Elena was to strike...said he was from the local newspaper. More than that, my number was unlisted. But he had it. More than that, he had the exact names of the men who were there when I got there: Marcos, Viannello and Smiley. I took my boys there with me and we met them. So...I put it to you...these three unusual requests for demonstrations of my powers, coming unexpectedly over my phone...had to be from government intelligence agencies. This Florida area is a highly sensitive area from a government intelligence standpoint (NASA, Air Force bases, etc.) and they are well aware of my work and capabilities. And...they are testing me.

Herein are newsclips showing just how well my UFOs are doing in their attack upon space work activity. Remember, my UFOs will not allow humans to spread their military and political disease into outer space as the humans do upon Earth.

Note the clips about the world water shortage...and Italy suffering from lack of rain. My UFOs Sun Attack is having a devastating effect.

Note that when Elena and Gloria chewed up parts of the U.S. there were few, if any, fatalities and injuries. I am mystified how my UFOs did it...but they know that I want only powerful demonstrations in order to obtain the UFO Base...not fatalities. They somehow erred in the Mexico City quake...but they were perfect in the Japan quake. Also they did beautifully in demonstrating to the U.S. government how well they can affect space shuttles and satellites...without causing fatalities.

Now for a real shocker. Some years ago, in the book "What The Seers Predict For 1972" there appeared a chapter on my work. Am including the chapter in toto herein for you. Note on page 140: "...The SIs and I intend to drive out all whites in Africa and to stop the needless killing of wildlife there. We shall return the country to its native blacks so that the country can once again become healthy and grow. The animals will then multiply and Africa can once again become the wonderful 'cradle of the Earth' that it once was." No doubt you have been reading about all the present trouble between whites and blacks in South Africa at present. It has taken longer for my psi-force attack to develop and begin producing results than I had anticipated, but with regard to the 'mass' of the matter, I understand. I.e., am not bending spoons or working with small 'mass'. See the interesting clips on the Africa project herein. Interestingly, I had dinner in a Washington, D.C., restaurant long years ago when he was

visiting there (Prime Minister Ian Smith). We had a delightful chat during dinner. I met him in the restaurant by accident...read him as a most interesting person; went over to his table and made inquiry; he invited me to sit down and eat with him and he told me about Africa.

Herein is a clip about Joe McGinnis, who has written another best seller. Years ago Joe did a big article about me and my work in a Philadelphia newspaper, where he was just a reporter. I told him then that in appreciation of his article about me my UFOs would see that he became famous. Not long afterward he was on a train to New York, engaged in idle conversation with some fellow who gave Joe the idea for his first book, which was a best seller.

Note the clips herein showing "freak" storms around the world, such as the freak hailstorm in Brazil; the freak hailstorm in Mexico City, etc. These things, of course, are being caused by my UFOs Sun Attack.

The clip re the UFO seen over Italy...is one of my UFOs.

On 9/4/85 I went to the Sun Bank and they told me that their computers had gone crazy all over town. Not only that, the other banks were having the same troubles. Hence they could not give me my bank balance. It would seem that the powerful psi-force effect that I projected onto the Ocala Star-Banner newspaper is spreading over town...growing, as it were. Note also the clip that mentions the Ocala Star-Banner presses breaking down. Again. Evidently the fact that I discontinued the project after obtaining the desired results (and sending the documentation to you) has not disconnected the psi-force in activity.

Have you wondered about the unbelievable number of plane crashes lately, as well as train and car accidents? It is because of one portion of the Sun Attack...the displaced Bermuda Triangle effect...which is working over the U.S. and actually spreading to other parts of the world.

Joe McGinnis was amply rewarded for helping me, at one time. The same sort of thing will amply reward Dr. Mishlove and Scott Rogo if they get the book published that they wrote about me, my UFOs, and my work.

There are two things now left...that my UFOs want, and so do I. The book published and the UFO Base. When those things are forthcoming, you will stop receiving files like these. I will be too busy working in the Base laboratory, creating wonderfully positive human and weather changes, for the better, all around the world.

Ted Owens (PK Man)
