

Andy Eastman Research

He did some research on Ted Owens in early 2000s I believe.

Might be some audio interviews others did included in this material I am not 100% sure.

Lewis: CDs are in garage storage and can't get to them right now but once more easily accessible, you need to get them out and double-check how many there are and categorize them into Ted Owens Jeff Interviews and separate them from Eastman info and any interviews from the Eastman CD.
