Mr. Otto Binder

Dear Otto:

Yesterday I received the following letter from Matthew Rosemont, 1961 Dayton St., Aurora, Colorado, 80010 (one of my Disc People)...as follows:

"Dear Ted - Last night I woke up, with a request to help you, it was very strong, it was very strange, so I decided I better help you, as my wife would say. God bless you Ted. Sincerely, /S/ Matthew Rosemont." (He enclosed \$10)

Now, this letter, original enclosed, is TREMENDOUSLY SIGNIFICANT.

First, it is one of the "compelled" type things with which you are by now familiar.

But here is the real point of it...every night the SI's have me repeat a certain formula...to improve the human race, and other things (if you do not have a copy of it, let me know and will send one). BUT THEY ALSO HAVE ME REPEAT THREE OTHER FORMULAS. One of these...I must picture four huge, giant UFO's at each point of the Earth beaming a message at the Earth, and the message is: "Help Ted Owens, PK Man...send help to Ted Owens, the PK Man." Occasionally they allow ME to talk to Earth.

Since I've begun using this Formula a gift was made to me of a Lincoln Continental by some people I'd never met in Chico, California (they decided together to give the \$10,000 car to me); yesterday I received a brand new electric typewriter from them also.) So I am sure getting help! Others have sent me tape recorders, etc.

But here, in this letter...I can easily understand that the SI method of getting people to help me...really is functional! And the man KNOWS it was strange!

My formulas are gone over...after lights out when I have gone to bed.

Best...

Ted Owens (PK Man)
