Dear Mr. Queens,

I saw you on
the Larry Angel show.

I just want to say
that, I've always believe
that there are other life
on this earth. And it like
to say that, a lot of people
make jokes of the things
you talk about on Larry-
Angel show. I know he
self doesn't really believe.
But like you said, if
the world is ^{not} going to
show more love for each
other. And try to do better.
I've always believe that
it will all come to an
end. So if its any help
I believe in you and your
friend. And have always loved

believe. Would you please
send me two of your
things or one to run
around my neck. One for
my mother who is very
sick. She had a stroke
and can't walk. And maybe
it will help one of them
because I've been out
of work there's always
money problems. So maybe
the friends of your U.S.O.
Will bless my home and
mother. Help me with
the money I need.

Keep on with your good
work. You are very gift
person. God is in every
man. But truly in you.
