TO WHOM IT MAY CONCERN:

Ted Owens, who is known as "PK Man - The UFO Prophet", and is a member of Mensa, informed me by letter on Tuesday, October 23, 1973, that it was his intention to telepathically communicate with UFO's and ask them to appear within a 100 mile area of Cape Charles, Virginia, and show themselves to the police within that area. On October 25, 1973, two days later, a UFO appeared over the head of a policeman in Chase City, Virginia (within the specified 100 mile area) for 15 minutes, as described in the Richmond Times-Dispatch dated October 26, 1973.

Thus, an example of the type of occurrence predicted in Mr. Owen's letter to me, written in advance of the occurrence, did take place.

Sincerely,

Dear Dr. Max....just called your home and left message with Joy to pass on to you when you get home this evening. In August...I communicated with "Control"... the top UFO intelligence that I have worked with and for, for some time...and asked that SI UFO's "turn themselves on" all over the U.S. so that humans could see them; also to demonstrate phenomena. Since then they have done this. But of course...I cannot document that. It is, however, rock-ribbed proof...that I am indeed a link between the UFO's and the human race. Now what I propose to do is this. Am going to communicate again with Control...and ask it to "turn on" the UFO's in this entire Virginia area, so that all the people can see them; and to demonstrate phenomena here. Am talking about Eastern Virginia; the Tidewater area; the Chesapeake Bay area; the Eastern Shore Peninsula on which I live, etc. This demonstration will be to prove conclusively to the scientists studying my work...that my brain has been modified by these creatures in the past; that I am in telepathic communication with them; and that my unique situation is quite real indeed. Also that I am the most powerful human in the world...since I have the incredible other-dimensional powers of the UFO's to draw upon. All right...when UFO's begin to appear here, will take out the newsclips and make up a Contact Letter to get out to you, later. Now it is on record...and this exciting experiment-demonstration begins!

Dear Dr. Max...

Yesterday I set up an experiment-demonstration...of my intent to produce UFO's in the skies and all around, here in the Chesapeake Bay area (100 mile radius, with "bullseye" of target this Eastern Shore Peninsula.) But after some thought.. am going to improve upon, and enlarge, the scope of the demonstration! My contention is that the Big Foot, Moth Man, Loch Ness Monster...are SI creatures from another dimension...can pass between dimensions. So what I am going to do is...call them ALL here to the Chesapeake Bay area! In effect, this target area will be the scene for sightings of a Loch Ness Monster in the Bay...sightings of the Big Foot (Sasquatch)...sightings of the Moth Man -- as well as the flying saucers, cigar-craft, UFO lights, etc. It is my intent...to make this area the most UFO and monster-haunted area in the entire world! To do this am reaching out telepathically to bring them all here...TO STAY HERE. It will be "Halloween" all the time in this area...with spooks and goblins and UFO's galore! Gosh, it will be fascinating to see if I can pull off this "miracle"! Have no way of knowing the timing on this. Hours? Days? Weeks? Months? Since their "time" is different than ours...and they have time-windows, too, when they cannot get through...makes it tough. Am talking for apperance, now. Once here will "fix" them to stay in the area, just as the Loch Ness Monster has stayed there for ages. Beau, my boy, wants me to include the tiny 3-foot high critters... humanoid type...so will work at that also. Best.....

Oct. 17, 1973.....SCIENTISTS

I have never sent out a Contact Letter like this one...but up to now there has never been a need. These UFO's you read about herein...are my Si's (spatial intelligences) that I have worked for, and with...for about ten years. They have helped me perform my many miracles...solid proof that they've been with me. Now, here in Cape Charles...my family and I have seen two UFO's in the past several months. I saw one as big as a house down at the waterfront, up over the water. The other one my wife saw, and called me...it was BETWEEN OUR HOUSE AND THE NEXT HOUSE...next to her bedroom! Be that as it may, yesterday George Teixeira, a friend of mine in Frisco, called me LD, and asked what this tremendous UFO activity meant. I told him this: my miracles, and connection with the Si's...has been covered up this past year. How much have you read about Owens, the "UFO Prophet"? Not much. Why? I've done some of the most powerful miracles this past year than ever! So, the Si's are displeased, to put it mildly. Remember, I am the ONLY human being who can communicate with these UFO's...and PROVE it...with miracles! They are showing themselves...to get me out before the public eye again...and dramatize their stark real-ness. They do not want my miracles (backed up by their incredible powers) covered up by govt. agencies so that the PEOPLE will not know. They want the people of this country to know that they are QUITE REAL...also what they can do. I predict...that if they do not get what they wish...some first class "disaster areas" may occur in this country. Something the Si's do not, repeat not, want to bring about.

Scientists...today I checked my notes...and discovered that I had communicated with "Control"...the highest intelligence of my UFO friends...in August...and requested that the UFO's (SI's) show themselves and their crafts...in time to come. Motivation? I had been stung by several articles, and personal letters...stating that the UFO thing was a dead issue...and no one was interested in it any more.

This, of course, is not in any way...proper documentation. But I can assure you...with all earnestness...that I did the above. And since that time...all hell has broken loose...with UFO's appearing everywhere. To me, obviously, Control is very real...and can produce.

Sincerely,

Ted

UFO Seen, Chase City Police Say

By John Clement
Times-Dispatch Staff
VIRGINIA

CHASE CITY — Sam Huff, a policeman for the past seven years, said he watched an unidentified flying object for 15 minutes around 2 a.m. Thursday.

Huff said Marion Owen, the Chase City police radio dispatcher, first sighted the object after noticing an unusual light reflection on the window of the police station.

Owen radioed Huff, who drove to the west side of town and parked on a railroad bridge, almost under the object, Huff said.

Huff said the soundless object, fairly large, with a color that resembled a very bright star, hovered motionless over the town for about five minutes then moved rapidly to the north, reversed direction and returned to a position over his head.

It stayed motionless for another five minutes before heading rapidly in a westerly direction, he added.

UFOs are probably taken a little more matter-of-factly in this area since two well-publicized and still unexplained sightings occurred in 1967 in nearby South Hill and Lunenburg County.

In the South Hill incident, a warehouseman said, in April 1967 that he rounded a curve and encountered an object 12 feet in diameter, standing on three legs, that resembled an aluminum storage tank.

The object suddenly left the ground in a burst of brilliant light, he reported.

The blacktop street caught fire, and when police arrived on the scene the tar was still hot and smoking.

Two months later, a rural Lunenburg County storekeeper said she was startled one night by a thundering roar.

She looked out her bedroom window and saw a bright light which she described as so bright "you could see every leaf on the tree." That object also allegedly left burn marks in the highway.

Dear Dr. Max:

I am tickled pink...to be able to send you this electrifying documentation! First, because the UFO's (SI's) that I contacted telepathically with my special UFO brain... answered almost immediately...very next day, in fact...by appearing in the area I specified in my letter to you earlier plus showed themselves to the police, just as I specified...matter of fact, this UFO made SURE the message got over...by leaving the policeman and then RETURNING! (See newsclip.) Second, am tickled...because this couldn't happen to a nicer scientist than Dr. Max Fogel. As you well know, just a handful of the scientific community has guts enough to let it be known that they are in contact with PK Man...and only you...have guts enough to give me signed confirmations whenever I bring about a "miracle". (Dr. Hynek should dam well have sent me a signed, notarized confirm when I stopped that volcano in Sicily, but nope, he didn't.) So to me...you are "King of the Scientists"!

Now, if any scientists that you know want to scoff at me, or your connection with me...simply show them the letters I sent to you last Tuesday and Wednesday... then show them this newsclipping!

The SI's LIKE this idea...this experiment-demonstration I have set up...and they have lost no time in acting on it! I had thought perhaps they'd take weeks to show up, but they did it the very next day!

So, it has begun!

So, to briefly recap...I wrote to you last Tuesday and again Wednesday... telling you that I would communicate with my UFO's (that I have worked with and for for 10 years) and ask them to appear within a 100 mile radius of where I live, the Eastern Shore...using this Cape Charles as the "bullseye". Furthermore, I told you I would ask them to show themselves to the police and other responsible persons. Furthermore, I told you I would also telepathically contact the "UFO Monsters" of various kinds... and bring them, also, to this area. Furthermore, in time to come, I told you, I'd make this 100 mile area the "UFO capitol of the world" in essence. All right. Already one UFO has answered my call, and in no uncertain terms, as this Oct. 26 newsclip from the Richmond Times-Dispatch newspaper points out!

This drawing of a strange creature that was found recently in a town (near it) of P.R., Fajardo, was made by the newspaper drawer according to the Police description. They didn't informed the newspaper where they have it or if it is live or dead now.

I think they could have taken it to the Department of Marine Sciences of the College of Agriculture and Engineering. I also think that this is a new creature that have been found, not the same one that I told you some time ago (the scally one).

EL MUNDO

San Juan, Puerto Rico, Viernes, 2 de Noviembre de 1973

* ¿Hombre, Animal o Qué? *

Por Tony Santiago

La Policía informó en la mañana de hoy viernes sobre la "misteriosa" aparición de un "extraño ser", descrito como de características humanoides, que se alega fue encontrado en un valle apartado en uno de los pueblos del centro de Puerto Rico.

Según el informe de la Policía, declaraciones de presuntos testigos que afirman haber visto al "extraño ser" le describen específicamente como de la estatura de un hombre común, con paños, boca y nariz.

Se informó en adición que la "misteriosa criatura" posee orejas bastante largas y puntiagudas, rabo y manos en forma de palancas, como las de los cangrejos. Su rostro y ojos son "bastante rojos", y su apariencia física no coincide con la de "algo terrenal".

La información recibida desde el Cuartel General de la Policía señala además que tan pronto se tuvo conocimiento del hallazgo del "extraño ser", dos científicos estadounidenses, uno de ellos de apellido Freeman, se trasladaron a Puerto Rico para analizar a la presunta "criatura".

El informe de la Policía no ofrece otros detalles sobre el particular, indicándose que el asunto se mantiene "en estricta reserva". No se informó donde pudiera estar el referido "humanoide" y si el mismo fue encontrado con o sin vida.

Por otro lado, un vocero del Departamento de Ciencias Marinas del Recinto Universitario de Mayagüez indicó esta mañana que ellos habían "tenido conocimiento" sobre el particular, declinando ofrecer comentario adicional al respecto.

Another 'Stranger' Haunts Pascagoula

PASCAGOULA, Miss., Nov. 7. — (UPI) — Another Pascagoula fisherman has reported seeing a strange object while fishing at night on the Pascagoula River — but this time the thing was not flying, it was submerged in the murky waters.

And the U.S. Coast Guard has confirmed the sighting.

Raymond Ryan, 42, said he spotted an underwater light following his boat Tuesday night and that repeated efforts to beat the thing away with an oar only made the light get dimmer.

At first, he said, he decided not to tell anyone about the sighting. Much publicity has surrounded the reported sighting several weeks ago of a unidentified flying object in the same vicinity by two other Pascagoula fishermen who claim they were taken aboard the craft.

But Ryan said he finally summoned his twin brother, Rayme Ryan, and the two of them went back to the brackish waters and poked at the light with oars again.

The Coast Guard station in New Orleans reported

Wednesday that the Ryan brothers went to Coast Guard officials in Pascagoula.

"At 9:40 p.m. the Coast Guard at Pascagoula dispatched a 16-foot boat to investigate the object," a spokesman said.

"The object was located in four to six feet of water, moving at 4 to 6 knots," the Coast Guard report said. The officers named the object "an unidentified submerged illuminating object," and described it as "an amber beam, 4 to 6 inches in diameter, attached to a bright metal object."

Coast Guardsmen said they tried to retrieve the USIO, but "it would appear to go out and move away and then reappear."

The report said the USIO traveled on several different courses during the hour they had it under surveillance.

The spokesman said the Ryan brothers were "sober and concerned" when they reported the light.

The Coast Guard in New Orleans said it would forward the USIO report to headquarters in Washington.

SCIENTISTS....

This communication...is MOST important!

On Oct. 24, 1973, I wrote to Dr. Max Fogel (and other scientists) that I would, intended to, produce the UFO "monsters" or "creatures" so that they would be observed, and specified an area covering 100 miles round about Cape Charles, Virginia, which would be the "bullseye" of the target area for these creatures to appear. Now observe this newsclipping, sent me by a friend today. It is dated November 7, 1973...weeks after my communication to Dr. Fogel. Such a "Loch Ness Monster" or "thing" was seen underwater in Pascagoula, Mississippi! Not in this area, true...but I feel that it is highly significant that "it" has appeared at all...following my communication to Dr. Fogel, followed by my telepathing to the UFO's and their creatures. To my knowledge this is the FIRST sighting of such an "unidentified submerged illuminating object", or USIO...and as I say, it is most significant that it appeared AFTER my written communication to Dr. Fogel and other scientists that it was my INTENT to produce same! Regardless of the fact that it was out of the 100 mile area. It is a beginning!

TOO ALL CONTACTS AND SCIENTISTS...

I think...that a word is in order here, with regard to the signed statements of fact by Dr. Max Fogel.

You will note that, contained in this entire file, there are two such signed statements of fact by Dr. Max Fogel, Director of Science Research for Mensa.

Now, Dr. Fogel is a scientist, and a darned good one. Or he would not be what he is, and where he is. His reputation is as precious to him as any other scientist's reputation is to them.

Through the years...I have caused miracles to happen...having first notified certain scientists well in advance, specifically...that I was going to cause the miracles, and exactly how. But...these scientists were fearful of having their name and reputation connected with a "UFO person" such as myself, thus they would not give me the signed statement of fact that I needed so badly to build "my house of facts" so necessary to my own semi-scientific method of approaching my work. The scientists knew full well...that I had notified them in advance of the fact, in writing...still, they would not admit it. Dr. Fogel is a "different breed of cat" (since am not a scientist, it is not necessary for me to use dignified jargon...but I do get to the point.) Dr. Fogel is a hard-nosed scientist...interested on one thing and one thing only...TRUTH...truth that will lead to answers...answers that the human race, mankind, does not have at present. And Dr. Fogel will not move or budge...unless he has facts, hard facts...at his fingertips...to proceed with.

If I may put it this way...the scientific community must step across the stream of Truth...putting each foot solidly on rocks of fact...to get to the other side...XXM where the answers are. Even if the facts...are painful and perhaps even distasteful to the scientist. The end result...Truth...is the only target worth hitting, and facts are the arrows to be shot at that target.

Now get this: Dr. Max Fogel is NOT lending his name and reputation to UFO's, UFO material, or UFO people such as myself. He IS lending his name and reputation to the facts...and truth...as it occurs...and wherever that Truth may lie.

He is following my work, patiently...trying to understand if the work is valid...and if so, what could lie underneath it...what could be the motivating cause-and-effect mechanism, causing my "miracles", if indeed they are miracles. He is approaching me and my work...objectively...and he insists on only one thing from me...facts...facts that prove out. If what I do will qualify, then he will give me a simple statement of fact to that point...when I request it...but only if it is a rock-ribbed, true statement of fact. Any statement of fact that he has given me...I have requested of him. He will not give me any unsolicited statements of fact. (But in doing so...I feel that he is, unlike other scientists, being true to himself...and to science.) As I remember...science is based upon experimentation and observation. That is what Dr. Fogel and I are engaged in...and the only results that either of us acknowledge or recognize...are pure, hard facts.

"Some kind of alien life — a spaceship" ... "An oblong object with a gentle white glow" ... "No regular type of flying machine."

That's how amazed policemen described the mysterious wave of UFOs they saw streaking across the nighttime heavens over Alabama and Georgia on September 8-9.

The rash of police sightings were made mostly in the early-morning hours when most people would be in bed.

But only the weekend before, hundreds of Georgia and Alabama residents had deluged authorities with reports of similar UFO sightings.

The ENQUIRER found 11 local and state policemen who had witnessed the extraordinary display.

Jack Barker, an official of the Federal Aviation Agency's Air Traffic Division, said none of the UFOs showed up on the FAA's radar network covering the two states.

"We know about the number of reliable sources who reported the sightings but we can't shed any light on what they saw," Barker said.

Most of the policemen agreed on a general description — a fast-moving,

noiseless, basketball-sized object, brightly lit with red, green, orange or white lights, blinking or revolving.

Georgia State Trooper Sam Taylor said: "It was oblong but not quite thin enough to make it cigar-shaped. It seemed solid and gave off a gentle white glow."

Taylor, a Vietnam flying veteran, made the sighting in Manchester, Ga. He said he was "absolutely mystified," adding: "What I saw was certainly no airplane, helicopter or natural phenomenon."

When he went to headquarters afterward, Taylor said, "The phone started ringing with other people in the neighborhood reporting they'd seen a UFO overhead. Then I really knew I hadn't been seeing things."

Patrolman Billy Clayton of Carrville, Ala., said: "I've no doubt it was some kind of alien life — a spaceship. I asked Jim (auxiliary policeman James Smith, his partner on patrol) if he thought it was the Martians. Jim just laughed. He said he wasn't going to talk about it because people would think he was crazy."

Smith held to his word. He would tell The ENQUIRER only: "What Billy says goes for me."

Patrolmen Steve Segrest and Wayne Sexton of neighboring Tallahassee, Ala., watched the object with Clayton and Smith. "I used to be skeptical about these things," Segrest said. "Now I'm not near as skeptical. We watched some object up there. And I don't believe it was man-made."

Sexton said: "It had to be a UFO of some type. There was no way it could have been anything we know about."

Sgt. Mid Giles of the Notasulga, Ala., police, said: "When it suddenly shot off, I realized it couldn't have been a weather balloon like I first thought. I'm convinced it was no regular type of flying machine."

His partner, officer

IT WAS OVER THERE: Al Baker, an Auburn, Ala., policeman, points to where he spotted UFO streaking across the sky.

said: "I'm not going to say it was a flying saucer with little green men in it. But it was some form of UFO. The other officers just laughed and said, 'You've been seeing things.' That made me mad. I know what I saw."

Patrolman Dave Maddux of Lanett, Ala., said: "At first I thought I was seeing a star, maybe distorted by heat haze."

"But then it started to move, first towards the ground, then up again, and went over a hill."

Sgt. Wayne Meadows, also of the Lanett police, said: "All I know is that it wasn't a plane, helicopter, balloon or star."

Jim Reynolds said: "I never believed in UFOs until that night. Now I'm puzzled and confused."

Officer Al Baker of the Auburn, Ala., police, who also witnessed the streaking light, said: "Whenever people said they had seen a UFO, I thought it was just a bunch of hogwash. But I've got to admit these things do exist."

Officer Jack Walton, also of Auburn,

Mysterious Wave of UFOs Reported

Mystery flights of UFOs — unidentified flying objects — were sighted over two southern states recently, prompting a deluge of phone queries to police by a perplexed populace. The ENQUIRER quickly sent in a team of reporters and photographers to seven towns to dig out the story. Our staffers located nearby a dozen police officers who personally viewed the UFOs. Here are their startling reports.

Times-Dispatch Staff Writer

CHASE CITY — Sam Huff, a policeman for the past seven years, said he watched an unidentified flying object for 15 minutes around 2 a.m. Thursday.

Huff said Marion Owen, the Chase City police radio dispatcher, first sighted the object after noticing an unusual light reflection on the window of the police station.

Owen radioed Huff, who drove to the west side of town and parked on a railroad bridge, almost under the object, Huff said.

Huff said the soundless object, fairly large, with a color that resembled a very bright star, hovered motionless over the town for about five minutes then moved rapidly to the north, reversed direction and returned to a position over his head.

It stayed motionless for another five minutes before heading rapidly in a westerly direction, he added.

UFOs are probably taken a little more matter-of-factly in this area since two well-publicized and still unexplained sightings occurred in 1967 in nearby South Hill and Lunenburg County.

In the South Hill incident, a warehouseman said, in April 1967 that he rounded a curve and encountered an object 12 feet in diameter, standing on three legs, that resembled an aluminum storage tank.

The object suddenly left the ground in a burst of brilliant light, he reported.

The blacktop street caught fire, and when police arrived on the scene the tar was still hot and smoking.

Two months later, a rural Lunenburg County storekeeper said she was startled one night by a thundering roar.

She looked out her bedroom window and saw a bright light which she described as so bright "you could see every leaf on the tree." That object also allegedly left burn marks in the highway.

Dr. Max Fogel, Mensa, Philadelphia
Dear Dr. Max:

I am tickled pink...to be able to send you this electrifying documentation! First, because the UFO's (SI's) that I contacted telepathically with my special UFO brain... answered almost immediately...very next day, in fact...by appearing in the area I specified in my letter to you earlier plus showed themselves to the police, just as I specified...matter of fact, this UFO made SURE the message got over...by leaving the policeman and then RETURNING! (See newsclip.) Second, am tickled...because this couldn't happen to a nicer scientist than Dr. Max Fogel. As you well know, just a handful of the scientific community has guts enough to let it be known that they are in contact with PK Man..and only you...have guts enough to give me signed confirmations whenever I bring about a "miracle". (Dr. Hynek should dam well have sent me a signed, notarized confirm when I stopped that volcano in Sicily, but nope, he didn't.) So to me...you are "King of the Scientists"!

Now, if any scientists that you know want to scoff at me, or your connection with me...simply show them the letters I sent to you last Tuesday and Wednesday... then show them this newsclipping!

The SI's LIKE this idea...this experiment-demonstration I have set up...and they have lost no time in acting on it! I had thought perhaps they'd take weeks to show up, but they did it the very next day!

So, it has begun!

So, to briefly recap...I wrote to you last Tuesday and again Wednesday... telling you that I would communicate with my UFO's (that I have worked with and for for 10 years) and ask them to appear within a 100 mile radius of where I live, the Eastern Shore...using this Cape Charles as the "bullseye". Furthermore, I told you I would ask them to show themselves to the police and other responsible persons. Furthermore, I told you I would also telepathically contact the "UFO Monsters" of various kinds... and bring them, also, to this area. Furthermore, in time to come, I told you, I'd make this 100 mile area the "UFO capitol of the world" in essence. All right. Already one UFO has answered my call, and in no uncertain terms, as this Oct. 26 newsclip from the Richmond Times-Dispatch newspaper points out!

Flying Saucer Ran Our Car Off the Road in 100-m.p.h. Chase, Say Military Policemen

Two badly shaken military policemen say a "saucer-shaped flying object" dived at their patrol car and ran it off the road in a 100-mile-an-hour nighttime chase across a deserted U.S. Air Force base.

The weird incident took place at Hunter Air Force Base near Savannah, Ga., during the same 48-hour period in which a wave of UFOs was reported over the Alabama-Georgia border 300 miles away.

"I thought it was going to hit us," MP Randy Shade, 23, said of the UFO, "or at least smash the blue police light on top of our car."

"I kept my foot on the gas — we were going over 100 — and concentrated on keeping the car on the road. But I could hardly see through the

windshield because of the red and white flashes of the saucer's lights just a few feet above us."

Said his MP partner, Burt Burns, 22: "I was terrified when that saucer chased us. I was crouched under the dashboard just waiting for it to hit our rooflights. The saucer itself wasn't lit but we could see its outline clearly in the glow from the flashing, pulsing lights underneath it."

"It couldn't have been more than a couple of feet above us. I reckon the saucer's size at 50 to 75 feet across."

For nearly a mile, the patrol car dashed across the outer taxiway of Hunter Air Force Base. The UFO so unnerved Shade, he said he swerved off the roadway at a right-angle turn and stopped on the grass.

"The UFO then went back up to tree-top level and skimmed off into the distance," Shade later reported.

The incident occurred early on September 8 while the two Army MPs were on a routine security patrol at Hunter, an obsolete base scheduled for complete shutdown soon.

Burns, a former helicopter crew chief, said they first spotted "a cluster of lights in the sky about 2,000 feet up. The lights tracked across the sky flashing red and orange, blue and white."

The UFO disappeared behind some trees. But 15 minutes later, at 2:45 a.m., the UFO returned, the MPs reported. After hovering at one end of the deserted runway, its lights flashing brilliantly, it began moving toward the MP patrol car.

"When it got closer, we could see the lights were clustered underneath a metallic-looking saucer-shaped body," Shade said. "The saucer didn't make a sound. I couldn't see anything like portholes or windows. It was scary. We just sat there amazed."

A base spokesman, Lt. David Anderson, said: "There is no official explanation as to what it was. Nothing showed on radar."

THEY ALL SAW IT: These police officers all sighted the same UFO in Carrville, Ala. Left to right are: Wayne Sexton and Stephen Segrest of Tallahassee police; Billy Clayton of Carrville police; and James Smith, a Carrville auxiliary policeman.

Dear Ted:-

Thank you for what I consider an excellent report
and very accurate. I would like specific answers to certain
questions.

- 1.- You mentioned that my wife's health is not too strong...possible trouble now or later...in the lower portion of her body. THIS IS TRUE..she does have a gall bladder condition or similar trouble. My inquiry is: can you tell me what the future holds regarding this condition. Will it disappear or will surgery be required?
- 2.- I am an attorney and I also lecture for a weight reducing organization and have been doing this for the past 9 years on a part time bases. I enjoy my work as an attorney and also as a lecturer. You mentioned that just ahead of me in time..you sense great obstacles and difficulties for me to go over, under, or through. You refer to a "battle"..please be specific and explain.
- 3.- I have a son who will be 21; a very strong minded individual (LIKE HIS FATHER) and a daughter who will be 24 and will be married March 31st, 1974..in a few weeks. Can you tell me anything about or in connection with my children?

- 4.- My investments in the market...I have three stocks in particular..

QUASAR MYCROSYSTEMS, Inc. listed over the counter. Can you please tell me what the future holds for this stock.-When and what should I do?

ECKMAR, Inc.- American Exchange- what does the future (when) hold for this stock?

(over)

OTIS OIL AND GAS, INC.- an over the counter stock--presently worth just about nothing..will this stock ever be worth anything?

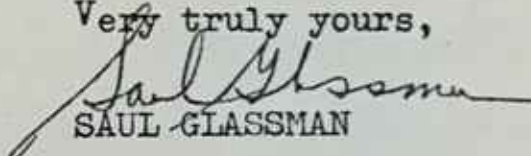

Any specific information will be greatly appreciated--and guidance.

Many thanks for your report-photo--etc...I will let you know how I make out in the future.

My check for \$20.00 is enclosed.

This drawing of a strange creature that was found recently in a town (near it) of P.R., Fajardo, was made by the newspaper drawn according to the Police description. They didn't inform the newspaper where they have it or if it is live or dead now.

I think they could have taken it to the Department of Marine Sciences of the College of Agriculture and Engineering. I also think that this is a new creature that have been found, not the same one that I told you some time ago (the scally one).

Por Tony Santiago

La Policía informó en la mañana de hoy viernes sobre la "misteriosa" aparición de un "extraño ser", descrito como de características humanoides, que se alega fue encontrado en un valle apartado en uno de los pueblos del centro de Puerto Rico.

Según el informe de la Policía, declaraciones de presuntos testigos que afirman haber visto al "extraño ser" le describen específicamente como de la estatura de un hombre común, con patas, boca y nariz.

Se informó en adición que la "misteriosa criatura" posee orejas bastante largas y puntiagudas, rabo y manos en forma de palancas, como las de los cangrejos. Su rostro y ojos son "bastante rojos", y su apariencia física no coincide con la de "algo terrenal".

La información recibida desde el Cuartel General de la Policía señala además que tan pronto se tuvo conocimiento del hallazgo del "extraño ser", dos científicos estadounidenses, uno de ellos de apellido Freeman, se trasladaron a Puerto Rico para analizar a la presunta "criatura".

El informe de la Policía no ofrece otros detalles sobre el particular, indicándose que el asunto se mantiene "en estricta reserva". No se informó dónde pudiera estar el referido "humanoide" y si el mismo fue encontrado con o sin vida.

Por otro lado, un vocero del Departamento de Ciencias Marinas del Recinto Universitario de Mayagüez indicó esta mañana que ellos habían "tenido conocimiento" sobre el particular, declinando ofrecer comentario adicional al respecto.

TOO ALL CONTACTS AND SCIENTISTS...

I think...that a word is in order here, with regard to the signed statements of fact by Dr. Max Fogel.

You will note that, contained in this entire file, there are two such signed statements of fact by Dr. Max Fogel, Director of Science Research for Mensa.

Now, Dr. Fogel is a scientist, and a darned good one. Or he would not be what he is, and where he is. His reputation is as precious to him as any other scientist's reputation is to them.

Through the years...I have caused miracles to happen...having first notified certain scientists well in advance, specifically...that I was going to cause the miracles, and exactly how. But...these scientists were fearful of having their name and reputation connected with a "UFO person" such as myself, thus they would not give me the signed statement of fact that I needed so badly to build "my house of facts" so necessary to my own semi-scientific method of approaching my work. The scientists knew full well...that I had notified them in advance of the fact, in writing...still, they would not admit it. Dr. Fogel is a "different breed of cat" (since am not a scientist, it is not necessary for me to use dignified jargon...but I do get to the point.) Dr. Fogel is a hard-nosed scientist...interested on one thing and one thing only...TRUTH...truth that will lead to answers...answers that the human race, mankind, does not have at present. And Dr. Fogel will not move or budge...unless he has facts, hard facts...at his fingertips...to proceed with.

If I may put it this way...the scientific community must step across the stream of Truth...putting each foot solidly on rocks of fact...to get to the other side...XMM where the answers are. Even if the facts...are painful and perhaps even distasteful to the scientist. The end result...Truth...is the only target worth hitting, and facts are the arrows to be shot at that target.

Now get this: Dr. Max Fogel is NOT lending his name and reputation to UFO's, UFO material, or UFO people such as myself. He IS lending his name and reputation to the facts...and truth...as it occurs...and wherever the Truth may lie.

He is following my work, patiently...trying to understand if the work is valid...and if so, what could lie underneath it...what could be the motivating cause-and-effect mechanism, causing my "miracles", if indeed they are miracles. He is approaching me and my work...objectively...and he insists on only one thing from me...facts...facts that prove out. If what I do will qualify, then he will give me a simple statement of fact to that point...when I request it...but only if it is a rock-ribbed, true statement of fact. Any statement of fact that he has given me...I have requested of him. He will not give me any unsolicited statements of fact. (But in doing so...I feel that he is, unlike other scientists, being true to himself...and to science.) As I remember...science is based upon experimentation and observation. That is what Dr. Fogel and I are engaged in...and the only results that either of us acknowledge or recognize...are pure, hard facts.

CONTACTS.....

Enclosed case attached hereto...is remarkable...albeit it seems to be just another pro football game.

In the first place, the Steelers were the "underdogs" in this game. The experts, the pro gamblers, didn't think they could win.

Not only that...their star (Steelers), Bradshaw, was injured and could not play. His backup, Hanratty, QB, was injured...and it was thought he could not play long. These facts were known well before the day of the game. IN SPITE OF THIS I TOLD DR. FOGEL THE DAY BEFORE THE GAME THAT I WOULD USE MY POWERS TO TRY TO HELP THE STEELERS WIN. What happened...was truly amazing.

Hanratty started the game, even though injured...and shortly had to leave the game for the Steelers. So they put in Gilliam for QB. GILLIAM HAD NEVER THROWN A TOUCHDOWN PASS IN THE PROS. And bear in mind...the Steelers were playing the powerful Washington Redskins! Well, if you were watching the game...you saw two of Gilliam's passes float like a magic trick...or an illusion...into the hands of receivers...one of these passes for a touchdown into the hands of Pearson...WHO HAD NEVER BEFORE CAUGHT A TOUCHDOWN PASS IN THE PROS!

But to top it off...with minutes left in the game...the ball jumped around like a flea in a skillet (when Washington was about to score the winning touchdown*) and miraculously hopped into the hands of a Steeler...and this won the game for the Steelers.

Steeler tackle Joe Greene, as you can from the newsclip, summed it up (unknowingly confirming the fact that I was using my tremendous powers in this game)...."We've got somebody up there taking care of us."

Never a truer word was spoken.

'Going to Play'

Gilliam's Vow To Steeler QBs

Pittsburgh

"I'm going to play," Joe Gilliam promised. "Terry Bradshaw and Terry Hanratty are going to have to work hard or I'll be breathing down their necks."

Gilliam uttered his pledge weeks ago, then waited patiently as a member of the Pittsburgh Steelers' taxi squad for an opportunity to prove his point.

It came Monday night, as the Steelers, already minus starter quarterback Bradshaw, played the Washington Redskins.

Afterward, Gilliam talked about his performance in the Steelers' 21-16 victory.

"I had faith that sooner or later I'd get a chance," Gilliam said. "I tried to stay ready mentally. I was glad I could come in and do it when they needed me."

Second-stringer Hanratty, already suffering from a painful rib injury, started in

place of Bradshaw, sidelined with a shoulder separation.

His rib injury aggravated, Hanratty left early in the third quarter, putting second-year man Gilliam into the game with a 14-6 lead.

"My idea wasn't to be conservative, but to move the football... any way I saw fit," Gilliam said.

Early in the fourth quarter, Gilliam connected with Barry Pearson for the young receiver's first NFL touchdown.

"I had a chance for my first touchdown," Pearson said. "Nothing was going to stop me."

It also was Gilliam's first pro touchdown pass. Gilliam also tossed a second-and-12 pass at the Steeler 22 into the arms of Washington's Brig Owens, for Owens' second interception of the game.

"We've got somebody up

See Page 64, Col 7

From Page 63

there taking care of us," quipped Steeler tackle Joe Greene, who recovered one Redskin fumble and fell on two others by Steelers.

With five minutes left, Washington's Billy Kilmer tossed to Larry Brown, who was hit hard by Safety Mike Wagner.

The ball jumped out of Brown's arms and into those of Pittsburgh safety Glen Edwards. Edwards fumbled then he was hit on the same play. But Greene came up with the ball on the Steeler seven and Pittsburgh ran out the clock for its 13th successive regular-season home victory.

Hanratty was injured when he tried to recover a fumble. "our plans are for Hanratty to heal," said Pittsburgh coach Chuck Joll. "And our other plans are for Bradshaw to heal."

"In any case, there's one."

The loss dropped the Redskins, 5-3, into a tie with Dallas for first place in the National Conference East. Pittsburgh, now 7-1, holds a 2½-game lead over Cleveland in the American Conference Central.

SCIENTISTS....

This letter sent to me by one of my Disc People....i.e., one of the people from all over the world who have sent for the SI (UFO) disc... which is coded and charged with energy by me according to the instructions of the SI's...is of the utmost importance, for several reasons.

First, remember that when she had this startling experience, she had my SI disc in her purse. Now, I have received (and sent on to Otto Binder) many many letters from my Disc People who have had UFO's approach them, or had experience with UFO entities in their homes.

Then consider...her experience is the very same experience my daughter and I had years ago in Dallas, Texas...when the cigar-shaped UFO approached our car...and we "became conscious" an hour later. Didn't even know the hour's time had elapsed until I checked our watch.

Next...note that she says that EVER SINCE HER EXPERIENCE I HAVE COME TO HER MIND OFTEN. It is my educated guess that the SI's programmed her mind...and it was an important part of their infinitely intelligent plan for her to come back into contact with me.

Finally...it is EXTREMELY interesting that she uses the term "compelled"! That is, she was COMPELLED to write to me. As Otto Binder pointed out in one of his articles on my work...I had actually worked out an arrangement with the editor of Saga Magazine...telling him I would ask the UFO's to COMPEL people to get copies of Saga containing articles about me! Since that time I have received umpteen letters from people... many many...telling me how they were COMPELLED to write to me, or get Saga magazine! Otto has these letters in his files, to use when he writes a book about my life.

So I feel that this letter is so significant...am including it in this UFO file.

Sighting

Dear Mr. Owens,

For some reason you have been much in my mind lately. About two years ago I sent for one of your Si discs and though I don't wear it on my person I carry it in my purse all the time.

I heard that you started a little church. Is it still operating? Please accept this small donation--wish it could be more.

I would like to tell you of a strange experience I had about two months ago. I was driving alone on a lonely mountain road about 60 miles south of Tucson, early in the afternoon. I turned around to start for home. I just got turned around when off to my right about a mile away across a steep canyon and about half way up a mountain (there were no other roads out there) I saw a brilliant white light. Naturally I stopped my car to take a look at it. Glancing at my watch I saw that it was 1:30 p.m. As I looked at the light, a smaller light detached itself and floated toward me. I wasn't afraid, but as it came closer I had an overpowering desire to go to sleep. I tried to fight it, but finally put my head down on the steering wheel--for a moment, I thought. The next thing I knew, someone was pounding on the car window (I had all the doors locked and windows up) and hollering "Lady, lady are you okay?" It was a young man driving a big butane gas truck who had come up behind me and was checking to see if I were alright. I automatically looked at my watch and it was 3:00 p.m. I had a very bad headache and my pulse was racing. There was no sign of any light. More than an hour and one half had gone by without my having recollection of anything. The young man was kind enough to follow me till I came to the main highway.

Incidentally, when I turned around to go home I was neither tired nor sleepy and felt fine. Can you give me any explanation of this occurrence? I did read in the paper the following day that UFO'S had been spotted in the Sierra Vista and Ajo area which isn't too far from there. It has been ever since then that you have come to my mind so often and I seem to be compelled to write you. I do hope that you can find the time to answer me personally. I would certainly appreciate it. I hope this finds you in good health and your little church flourishing.

Most sincerely

En Mayagüez, el fotógrafo William Rosario tomó esta foto de un misterioso objeto volador; ahora, en toda la isla aparecen personas que juran haber visto cosas parecidas surcando el espacio.

Cazadores de OVNIS

Por NESTOR F. CONCEPCION
De El Nuevo Día

GRUPOS de ciudadanos interesados en "descubrir misterio" dedicaron el fin de semana a realizar investigaciones sobre la presunta aparición de Objetos Voladores No Identificados (OVNIS) en diversos sectores de Puerto Rico.

En una de las "expediciones" participó un reportero de El Nuevo Día, que pudo confirmar que "la fiebre de los platillos voladores" se extiende por toda la Isla.

El lugar de mayor atractivo e interés para los inves-

tigadores fue El Yunque, la cima más alta de la Sierra de Luquillo, en la parte noreste del país. Un grupo de estudiosos del fenómeno OVNI dicen que allí hay ocultas "criaturas extrañas".

DICHAS "CRIATURAS", según aducen algunos de los que alegan haberlas visto, posiblemente viajan a la tierra en naves que salen del lado oscuro de la luna. Otros afirman que son seres "intraterrestres" y que por esa razón le temen a la luz, cosa que presumiblemente comprobaron al alumbrarlas con linternas.

Los individuos que "ven" los seres raros pudieran ser catalogados como "taná-

ticos", pero todos ellos aparentan firmeza en sus convicciones.

Los expedicionarios locales estuvieron también en el sector del municipio de Toa Alta donde los vecinos revelaron que un extraño aparato volador dejó caer polvo caliente parecido a ceniza.

Los residentes del barrio Quebrada Cruz reafirmaron que en noches recientes divisaron un objeto extraño en forma ovalada y de gran tamaño, que, sin hacer mucho ruido, volaba a baja altura.

DESCRIBIERON al objeto como de color plateado y muy luminoso. Además, los vecinos sostuvieron que en "la nave" viajaba "algo" que podría ser el piloto y que tenía apariencia humana.

Pedro Nieves, un mecánico que avistó el OVNI, manifestó que notó que la nave trataba de aterrizar, pero que al no poder hacerlo, dio un viraje brusco y se internó en una nube.

Algunos residentes en Toa Alta afirman que las apariciones de OVNIS se han registrado en horas de la noche y de la madrugada. Nadie ha podido comunicarse con "los tripulantes" de los platillos.

Sobre las montañas del municipio de Maricao también se han divisado OVNIS. Allí los describen como objetos voladores luminosos que permanecen en el espacio haciendo movimientos rotativos y que a la misma vez lanzan llamas de fuego.

VECINOS de Maricao, que fueron entrevistados por los investigadores "de fin de semana" indicaron que las apariciones de los OVNIS se han observado desde la propia plaza pública del municipio.

Los estudiosos del fenómeno de los objetos voladores no identificados estuvieron visitando también las municipalidades de Mayagüez y Cabo Rojo. En Mayagüez, como se sabe, fueron tomadas las fotografías de un OVNI por el fotógrafo William Rosario. En Cabo Rojo, grupos de personas han revelado que han visto en el firmamento naves "extrañas".

Una de las personas que ha estado estudiando minuciosamente todo lo relacionado con los OVNIS que se han observado en Puerto Rico, es el escritor y sacerdote católico Salvador Freixedo, cuyo libro más reciente, "El Diabólico Inconsciente", enfoca el tema de los misteriosos platillos voladores.

En una parte del libro, Freixedo, apunta que "el fenómeno OVNI se nos presenta como una ventana más que se le abre a la humanidad para que caiga en la cuenta de que alrededor de ella hay otros mundos, otras dimensiones, otras existencias".

of the United States...including Puerto Rico, Alaska and Hawaii!

Furthermore... recall that Dr. Juan Arenas in MAYAGUEZ, Puerto Rico flew me out there last year...where I called out a UFO near his home so that it could be observed by him and his son, Kevin. I have his signed confirmation of the occurrence. (See photo of UFO taken last month over Mayaguez, Puerto Rico, in this newsclip.)

- UFOs Hunters -

Groups of citizens interested in the UFOs were last weekend searching for those mysterious objects, in Puerto Rico.

In one of the "expeditions" was an "El Nuevo Día" reporter, that ~~could~~ can tell that the "flying saucer" fever is growing in the island.

The ~~place~~ ~~is~~ more attractive place for the investigations was "El Yunque", the highest point in the "Sierra de Luquillo", in the northeast part of the country. A group of ufologist told us that in that mountain they ~~think~~ have seen "strange creatures".

Those "creatures", according to what they say, possibly come to the earth in space ships that travel from the occult part of the moon. Others tell that the creatures are living inside our planet and that's why they are afraid of the light, as they could see when they turned on their flashlights.

The guys that ~~are~~ "see" the strange creatures are very assure of their convictions.

Local ufologist also visited the town of Toa Alta (in the north; at about 30 miles from San Juan) where the inhabitants tell they have been seeing a strange flying machine.

The residents of the zone named Quebrada Cruz, in Toa Alta, tell that the last nights they have seen a strange oval object, that, without any noise, was flying at low height. They say the object drop a certain hot dust, like ashes.

They described the object as silver colored and very bright. And, the residents, tell that in the ship they could see "somebody" with human appearance.

Pedro Nieves, an auto mechanic that saw the ufo, told that he could see that the ship was trying to land, but that she could not, and ~~the~~ after a sharp turn, climbed to a cloud.

Also over the mountains of the small town of ~~Maricao~~ Maricao the people have seen the ufos. They describe the ufos as lighted objects that stay in the space doing ~~round~~ ~~the~~ rotatory movements, and that at the same time throw fire rays.

The ufos researchers also visited the municipalities of Mayagüez and Cabo Rojo. In Mayagüez a local photographer, William Rosario, shoot several photos of a ufo. In Cabo Rojo, groups of persons have told that they have seen "strange" ships ~~in~~ in the sky.
