Dear Sir:

Re yours of May 23, 1980.

You ask if I can travel to India and give some kind of exhibition...etc.

I can improve on your suggestion. My powers can save India. As I understand it India is in the worst drought in 70 years. Very well. I can end ~~XXXX~~ that drought and save India. * Not only that, I can do many, many other things to help India get onto balance, grow, and become a healthy country. And a happy country.

No, I cannot send you a "copy" of that which the UFOs have entrusted me with. (The Black Book.)

You offer me a visit to India...or at least you are "tempted" to do so...for several months, expenses paid. Thank you, that is very kind of you. However, the only way that I could come to India would be if the top leader of India (President, Premier, etc.) would send me a round trip, first class air ticket, with assurance that I would be the guest of the government of India for ^{a week or} two weeks (the maximum time that I could spend there.). It is of the ~~xxx~~ utmost importance, of course, that my personal security be assured while in that country.

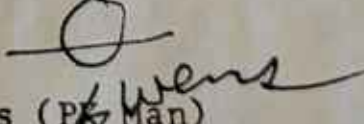

I am not interested in a fee, monies, or whatever, for saving India. *

Time is of the essence, however.

I have no interest in "after we die" and so forth. Sorry about that.

You can secure a scientific report about my work from Washington Research Center, 3101 Washington Street, San Francisco, California, 94115, written by scientists for scientists. * Many, many books have written about me and the miracles that I have done. Too many to list here. Enclosed you will find some xeroxd material which might give you some idea of what it is that I do.

Respectfully,

Ted Owens (PK Man)

* I am, even now, using my vast powers to bring rains to India to end its drought completely;

yet I could do it much more effectively if I could be there, if even only for a few days.

* Enclose \$10.00 for it, if you send for it.

* I do, however, greatly appreciate any financial contribution to my work and any research from any

Respected friend of humanity,

Sub: Search & Research on 'Whether life consciousness continues beyond physical death and whether it could be contacted rationally by persons yet living on this earthly plane.'

We have come across your advertisement of page 21 of Fate Magazine-Dec-79, which is worded as under:

"Secrets of The Masters". The only training of its kind in the world. By Ted Owens, the UFO Prophet. See Feb. 1979 FATE Magazine article by scientist (re Owens psychic work).

Read about Ted-Owens in "Mysteries" by ~~Ed~~ Colin Wilson, Putnam's, hardcover; "Occult America". by John Godwin. Double day, hardcover; and "UFO Trek", by Warren Smith, Zehra Paperback.

Can you kindly device some scheme for a visit to India, for some kind of Exhibition to prove to the world that super powers are possessed by your Holiness. It is stated that you have complete hold over secrets of the Black-Book given to your goodself by Aliens from another dimension.

Could you kindly favour us with the copy of the syllabus which you have created for ordinary human being.

Your mind training system can only be digested with the help of your other dimensional powers of the master, TedOwen and because U.F.O. gave this extraordinary secret system to Owens to teach to certain Key humans, in its easily understandable arrangements. Please send complete booklet with details-----

After reading the details of your further advertisement we are tempted to invite your Holiness for a visit to India at least for two months and all ~~xxx~~ your expenses while travelling in India and lodging and boarding will be met with this Foundation.

Recently we have received a book "After we die, what then?", published by George Meek, Metascience Corp, publication division, Franklin-NC-USA). Please study this in depth and inform us your reactions for the same.

We are very much impressed with the language and the pictures and the experience of the author including the photography of the departed person e.g. Fig-20 Sir Arthur Conan Doyle shortly before his death and Fig-21 photograph of his produced at his request by Spirit helpers two months after his death.

Please help us in the research rationally and scientifically and send us some literature or typed letters to enable us to progress in this research.

In the service of humanity,

(H.L. HINGORANI)

"Report From The Readers"
Fate Magazine

I have just recently returned from Yucatan, and examined my mail which had accumulated in my absence. There was a copy of June 1980 Fate Magazine, and in your section there was an article: "Ted Owens, where Are You?" written by a Stan Farnsworth. Now, although I get dozens of such requests each month from all over the world...to modify the weather here, there and everywhere... I could easily recall Mr. Farnsworth's letter. You see, I use my psychic ability to "probe" those who write to me, and quite often I am correct with my results. Certainly, I was correct with Mr. Farnsworth. I perceived that here was a person with a nasty twist of mind; a person eager to make fun of me in some way. Therefore I tossed his letter into my 'nut' file. (Quite obviously, anyway, I cannot go "marching off in all directions" and modify the weather all over the globe for every Tom, Dick and Harry who demand it.)

Your readers might just as well know, therefore, that I am not available to them...my time and energy...upon demand...to satisfy any of their psychic requests. I channel my time and energy, very carefully, in order to obtain maximum results.

It occurs to me that perhaps your readers might like to know just what I am doing around the world with regard to weather. I will enlighten them to this extent: to help a friend of mine in Canada, Mr. Fred Oshaneck, Box 28, Sask., Canada, S0A 3T0. I have known Mr. Oshaneck for years. He is a very fine person. And I have changed the weather for him, during those years. Recently he wrote to me and told me that the farmers need rain, and I have replied to him that I will bring him and his friends all the rain that they need, for their farms.

A Mr. Bruce Kell, 4 Torrington Road, Strathfield, Australia, NSW 2135, wrote to me on April 9, 1980, and informed me that much of Australia was in terrible drought, and the lives of Billions of people and animals were on the line. Would I bring Australia rains? I told him that I would do so, and since then rains have come to Australia (although I have not finished the job yet; much more rains are needed until the drought is completely over...and I will finish *ending* that drought for Australia.) (I also sent a letter at that time to the leader of Australia, Hon. Frazier, informing him of my action.)

And because Africa and India are caught up in killer droughts, I am going to bring tremendous rains to those countries, continents, in order to end those droughts. In the days, weeks and months ahead. Millions and millions of people's lives are at stake.

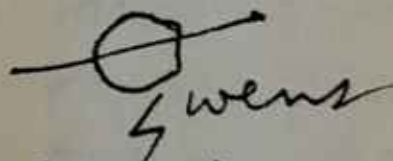

All right, enough of weather. Now, in my copy of July, 1980, Fate magazine I note an article, "Holy Moses" in which a Judith somebody criticizes me and my work. (She seems to be very stupid; why doesn't she send to Dr. Jeffrey Mishlove at 3101 Washington St., San Francisco, California, 94115, and include \$7 plus airmail costs for a scientific report on my work...if she thinks that I am invalid?) At any rate, in order to answer her article I merely have to refer to her last paragraph: "Finally, his claim that the UFO entities aim to improve the human race is, as we Cockneys say, a bloody nerve! If this is their aim, history shows they are prime bunglers. We can look back on 1000 years of

humanity's troubles -- from Attila the Hun through Hitler and his Nazi cutthroats. Where were the UFOs and the "SIs" through all this?"

The answer is simple, JG. Humanity had, and still has, too many Judith Gees...both in the layman field and in the scientific field...so that attempts by UFOs to help and improve the human race were mainly neutralized by Judith Gee types. I am positive that Moses, Ezekial, John The Baptist and others working with and for the UFO angels had their Judith Gee attackers too, at those times.

In closing, I read the excellent article written about Dr. J. B. Rhine by Martin Ebon. It was a shock to me because no word had come to me that Dr. Rhine had passed away. Long years ago I was his secretary and engaged in some psychic experimentation with him, and he dictated his book to me to type for him, "The Reach of the Mind," published by William Sloane and Associates. Certainly, Dr. Rhine and his wife, Dr. Louisa Rhine, have to be two of the finest scientists that the world has ever known, in their chosen field. But I was surprised at an error on Mr. Ebon's part. He states that they "had no son." They certainly did have a son. His name was Robbie, and he was a fine boy. The Rhine's adopted Robbie because some years passed and they were childless. After his adoption then they had three daughters (natural children). I only mention this because I do not think it fair to Robbie to be left out of the "credits"...i.e., being the son of such famous parents. (Perhaps something occurred and the Rhines do not want the above mentioned...therefore it would be best not to bring it up, yes?)

Sincerely,

Ted Owens (PK Man)
